Valsugana: dove il turismo è sostenibile!

Valsugana: where tourism is sustainable! /
 Valsugana: wo der tourismus umweltfreundlich ist!
 Valsugana: waar toerisme duurzaam is!

43 mila ettari di boschi, 2 laghi premiati con la Bandiera Blu, oltre 760 km di sentieri curati da volontari e molto altro ancora. Il nostro territorio insieme all'attenzione che abbiamo per esso ci hanno permesso di ottenere la certificazione di sostenibilità come prima meta italiana secondo i criteri del GSTC. La somma delle nostre piccole azioni ci permette di creare un futuro migliore; contribuisci anche tu con un comportamento sempre più consapevole rispetto a ciò che natura ci ha donato.

43 thousand hectares of woods, 2 lakes awarded with the Blue Flag, over 760 km of paths managed by volunteers and much more. Our territory together with the attention we have for it have allowed us to obtain the certification of sustainability as the first Italian destination according to the criteria of the GSTC. The sum of our small actions allows us to create a better future; you can contribute as well by behaving more and more consciously with respect to what nature has given us.

43.000 Hektar Wald, 2 mit der Blauen Flagge ausgezeichnete Seen, über 760 km von Freiwilligen gepflegte Wege und vieles mehr. Unser Territorium und die Pflege, die wir ihm angedeihen lassen, haben es uns ermöglicht, die erste italienische Destination zu sein, die nach den Kriterien der GSTC für Nachhaltigkeit zertifiziert wurde. Die Summe unserer kleinen Taten ermöglicht es uns, eine bessere Zukunft zu schaffen. Auch Sie können dazu beitragen, indem Sie immer bewusster mit dem umgehen, was uns die Natur geschenkt hat.

43.000 hectare bos, 2 meren bekroond met de Blauwe Vlag, ruim 760 km aan door vrijwilligers onderhouden paden en nog veel meer. Ons grondgebied en de aandacht die we ervoor hebben, hebben ervoor gezorgd dat we als eerste Italiaanse bestemming een duurzaamheidscertificering hebben behaald volgens de GSTC-criteria. De som van onze kleine daden stelt ons in staat een betere Toekomst te creëren. Ook jij kunt bijdragen aan onze betrokkenheid bij de bestemming en bewust reizen.

Arte Sella

Esiste un luogo dove la natura si trasforma in arte. Ed esiste un tempo in cui poterla ammirare. Si tratta della manifestazione internazionale di arte contemporanea che la Val di Sella ospita dal 1986. Un'immensa esposizione a cielo aperto, di vere e proprie opere d'arte realizzate con sassi, foglie, rami e tronchi.

There is a place where nature becomes art. And there is a time in which you can admire them together. This is the international exhibition of contemporary art set in Val di Sella since 1986. It is an open-air exposition along the forest, where works of art are made with leaves, branches, trunks and local rocks.

Es gibt einen Ort, wo sich die Natur in Kunst verwandelt. Und es gibt eine Zeit, wo man diese genießen kann. Es handelt sich um die internationale Veranstaltung zeitgenössischer Kunst, die das Tal Val di Sella seit 1986 beherbergt. Eine immense Ausstellung unter freiem Himmel, die wahre Kunstwerke aus Steinen, Blättern, Zweigen und Stämmen zeigt.

Er bestaat een magische plek waar natuur kunst wordt. En er bestaat een tijd waarin je deze kunt bewonderen. Het gaat over de Internationale tentoonstelling van hedendaagse kunst die zich afspeelt in Val di Sella sinds 1986. Een immense openlucht tentoonstelling van echte kunstwerken gemaakt met stenen, bladeren, takken en stammen.

Altopiano del Tesino

Tesino plateau / Tesino-Hochebene / Hoogvlakte van Tesino

L'Altopiano del Tesino è un angolo di quiete e bellezza autentica, dove il tempo sembra rallentare e la natura abbraccia ogni passo. Tra boschi, panorami dolci e borghi ricchi di storia, spicca Pieve Tesino, inserito tra i Borghi più belli d'Italia. È il luogo ideale per chi desidera rigenerarsi e lasciarsi ispirare da un territorio sincero e ancora tutto da scoprire.

The Tesino Plateau is a haven of peace and authentic beauty, where time seems to slow down and nature embraces your every step. Among forests, gentle landscapes and historic villages, Pieve Tesino stands out – listed among the "Borgi più belli d'Itali" (Most Beautiful Villages in Italy). It's the ideal place for those looking to recharge and be inspired by a genuine land still waiting to be discovered.

Das Tesino-Plateau ist ein Ort der Ruhe und authentischen Schönheit, wo die Zeit langsamer zu vergehen scheint und die Natur jeden Schritt begleitet. Zwischen Wäldern, sanften Landschaften und geschichtsträchtigen Dörfern sticht Pieve Tesino hervor – eines "Borghi più belli d'Italia" (der „Schönsten Dörfer Italiens“). Ein idealer Ort für alle, die neue Kraft schöpfen und sich von einer noch weitgehend unentdeckten Region inspirieren lassen möchten.

Het Plateau van Tesino is een oase van rust en authentieke schoonheid, waar de tijd lijkt stil te staan en de natuur elke stap omarmt. Tussen bossen, zachte landschappen en historische dorpen springt Pieve Tesino eruit – opgenomen in de lijst van de Mooiste Dorpen van Italië. De ideale plek voor wie wil herbronnen en zich wil laten inspireren door een oprechte en nog onontdekte regio.

Adotta una mucca

Adopt a cow

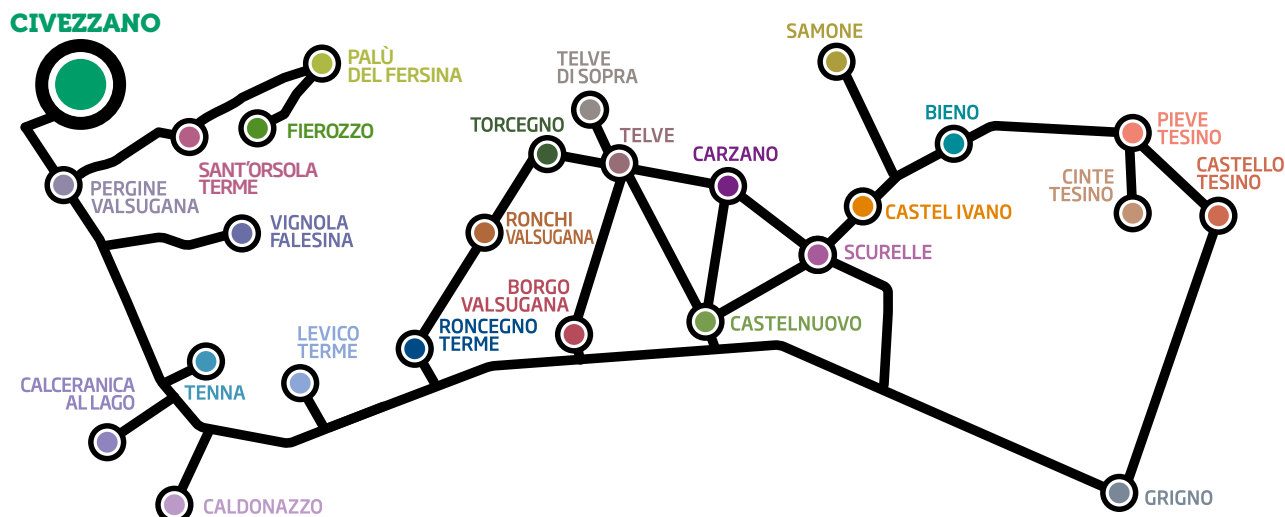

Puoi realizzare il tuo sogno di adottarla e addirittura mangiare i formaggi prodotti in malga con il suo latte, all'unica condizione di andarla a trovare di persona! Divertiti a cercare la tua mucca tra i pascoli delle nostre montagne e così imparerai cosa significa vivere in malga secondo le antiche tradizioni e portare le mucche all'alpeggio.

Is it possible to adopt a cow? Sure, you can make your dream come true and you can even taste the cheese produced with her own milk, as long as you visit your cow personally at the cheese farm. Have fun looking for your cow in the pastures of the mountain and learn what it means to live like a farmer in the traditional alpine way.

Milch auf der Alm produziert wurde. Die einzige Bedingung ist, dass ihr eure Kuh auf der Alm besuchen kommt! Habt Spaß und sucht eure Kuh auf den Almwiesen unserer Berge. Auf diese Weise erfahrt ihr außerdem, was es heißt, auf einer Alm zu leben und nach antiken Traditionen die Kühe auf die Alm zu bringen.

Je kunt je droom verwezelijken door een koe te adopteren en haar kaas proeven die in de boerderij van haar melk wordt gemaakt, de enige voorwaarde is dat je haar zelf een bezoek brengt. Geniet ervan met het zoeken naar jou koe in de weiden van onze bergen en leer wat het betekent om volgens oude tradities in een bergboerderij te leven en de koeien naar de weiden te brengen.
